25X1

MEMORANDUM FOR:

Legislation Division
Office of Congressional Affairs

VIA:

Deputy Director of Personnel for
Compensation, Automation, and Planning

25X1

FROM:

Chief, Planning & Component Support Division

SUBJECT:

Reimbursement for Certain Detailees

1. The Senate Appropriations Committee included a provision in the Treasury Appropriation Bill that would require, beginning in fiscal year 1989, full reimbursement to a parent agency for Federal employees detailed to another agency for more than 60 days. In addition, the provision would require executive agencies to submit to the House and Senate Committees on Appropriations (HAC and SAC) quarterly reports on all reimbursable and nonreimbursable detailees used by such agencies during fiscal year 1988.

2. We strongly object to the requirement to submit quarterly reports to the HAC and SAC. Any quarterly report on detailees used by the Agency would disclose classified information relative to sources and methods. The Director of Central Intelligence is responsible for protecting intelligence sources and methods from unauthorized disclosure (section 102 (d) (3) of the National Security Act of 1947) and the Agency is exempt from the provisions of any law requiring the disclosure of the organization, functions, names, official titles, salaries or numbers of personnel employed by the Agency (section 6 of the CIA Act of 1949). In order to comply with these statutory mandates, we propose that the language of the above-mentioned provision be amended so that the Agency would submit the quarterly reports to our oversight committees, the HPSCI and the SSCI, instead of to the HAC and SAC.

3. The Agency administers several joint ventures with other intelligence community agencies and with the military departments and serves as the host agency in support of activities sponsored by other agencies.

4. And lastly, since the requirement as written is broad in scope, we cannot determine offhand all the possible ramifications such a requirement will have on Agency administration of projects and personnel.

5. For your information, attached is a summary of personnel detailed in and out of the Agency.
